**Wed. 23 August**

OR

**Thurs. 24 August**

**10.00 - 2.30pm**

### **CANOPIED DESIGN**

**£65.00**

A striking design where we create a square canopy of bleached flat and regular cane. We will then arrange under and on the canopy for an altogether different way of designing. Presented on a striking square dish.

**Thurs. 14 September**

**10.00 - 2.30pm**

### **GO WILD WITH TROPICALS**

**£65.00**

Here it's all about free-style and free-form structures of natural twigs to add depth and allow natural randomness in design. By using the bold forms of tropical foliage, we can enhance these effects and add interest. The structure also allows us to incorporate other tricks as well!

**Thurs. 12 October**

**10.00 - 2.30pm**

### **AUTUMN JEWELS**

**£65.00**

Vertical design allows a unique form of presentation - think of the trendy vertical wall gardens. For this workshop, we will delve into this idea with an elevated circle shape and the gorgeous flowers, fruits, grasses, berries and leaves that are provided by the autumn season.

**Wed. 22 November**

OR

**Thurs. 23 November**

**10.00 - 2.30pm**

### **ÜBER-TRENDY CANDLESHADE**

**£65.00**

Just like a lamp-shade, but then for a candle! We will use 1.8mm stub wires with short lengths of red dogwood spiked onto the tops. We will insert the other end of the wires into a Birch wood slice and then add some fun and exciting natural decoration to create a unique and long-lasting design
